

# CROSS ROADS ISD

Ralph Harris  
M & R Roofing and Construction

June 15, 2020,

To Whom It May Concern:

Please consider this a letter of appreciation and reference for another job well done. I have known Ralph Harris for almost fifteen years and found him and his work to be outstanding. He is a man of utmost integrity and the job done in reroofing our special education complex and the prior job done reroofing our junior high gym was exceptional. The quotes provided our district were very competitive, the materials utilized were of the highest quality, and the workmanship and attention to detail was commendable.

If I may provide future customers with further information, feel free to contact me at my office number of 903-489-2001.

Sincerely,

Richard Tedder  
Superintendent  
Cross Roads ISD
